READING

PART 1: MULTIPLE CHOICE

Read the following text about a family trip. For each question, mark the correct letter A (Right) B (Wrong) or C (Doesn't say) on your answer sheet.

Round the world in 80 days

Robert and Adriana both were very successful lawyers in Boston. They have three children who were looked after by a babysitter every day. Adriana was not very happy with this situation as she couldn't see how the children were growing up. She really wanted to change this situation so she suggested Robert that they should quit their jobs and start a long trip with their children. Robert was not very enthusiastic at the very beginning as he is a workaholic but then he realized that he has never watched or gone to the soccer games that his boys have played.

It took the family around 3 months to organize the trip as they needed to agree on the countries and cities they wanted to visit and the days they wanted to spend in each place. Apart from this, as they were planning the trip, they paid attention not only to the different vaccines they needed but also to the safety conditions in the countries they were going to visit as they wanted to make of the trip a learning experience for the children.

After all the arrangements were done, they started their trip in New York where they visited the "Ground Zero" area and the Statue of Liberty. From there, they travelled to South America and then to Africa.

The children loved every minute of the trip, especially because they were able to learn about the world in a very direct method and because they were spending quality time with their parents and learnt from them too. It was an unforgettable experience for the whole family.

Read the text below and choose the correct word for each space.

For each question, mark the correct letter A, B, C or D on your answer sheet.

Twenty years ago I (0)in Manchester and (1)..... as an actor for a small theatre company. I didn't make much money and so I moved to London and changed jobs. I have lived in London (2) 1992 and I have driven a taxi (3) 10 years. Before that I worked as a motorcycle courier. I prefer driving a taxi to riding a motorbike. It's warmer and safer.

If you drive a taxi in London, you get lots of different types of customers. I haven't (4) many famous actors yet but I have driven some (5) footballers. I work in near Chelsea but next week I am staying at home. I deserve a holiday.

I like reading detectives novels so that's my plan for the week. If the weather's good, I (6)..... sit in my garden. I'll try to get a suntan! At the moment I (7)..... the Sherlock Holmes story "Silver Blaze". In the story the police can't (8)..... a stolen racehorse so they ask the famous detective to help them. Sherlock must solve the case before (9)..... important race. At the beginning an innocent man is accused of the crime. I don't know what happens because although I started reading the book last week and I have already read more than half the story, I am waiting to finish the book. I think Sherlock Holmes is the most interesting fictional detective but I think the (10)..... writer of detective novels is Agatha Christie.
